

**Integrated venues**

Pedestrian connection to the Moreton Bay Indoor Sports Centre, a 21,000m<sup>2</sup> venue with 12 courts and a 10,000 seat capacity. The integration of the two venues will enable the cross-pollination of sports; enhancing athlete and spectator experience - and saving tens-of-millions in communication, television, security and transport infrastructure.

The City of Moreton Bay Flatwater Precinct will leverage the City's \$10M commitment to rowing and its proximity to the new Moreton Bay Indoor Sport Centre to establish a world-class home for the sport in Queensland.

The City of Moreton Bay Flatwater Precinct will embrace the site's natural systems to create a state-of-the-art venue that supports the full paddling community - from grassroots to high performance. The facility will also establish enduring

infrastructure capable of hosting a wide range of events beyond rowing. More than a sporting venue, it will be a destination that connects sport, nature, and culture - delivering an iconic legacy that resonates locally and shines on the world stage.
